(20 + 10 min) Ruprecht-Karls University Heidelberg
“The reactivity of bisbidine Iron(IV)-oxido species”
- 13:40 - 14:10 **Ina Kellner – TP6**
(20 + 10 min) Ludwig-Maximilians-Universität München
“Cryospray mass spectrometry”
- 14:10 - 14:40 coffee break
- 14:40 - 15:10 **Sören Jansen – TP1**
(20 + 10 min) Universität Bielefeld
“Iron(III)-peroxo and iron(IV) complexes with symmetric and asymmetric ligands”
- 15:10 - 15:40 **Bufan Zhang – TP7**
(20 + 10 min) Max-Planck-Institute for Chemical Energy Conversion
“tba”
- 15:40 - 16:10 **Rachel Janßen – TP4**
(20 + 10 min) Universität Düsseldorf
“Immobilisation of biomimetic Iron(IV)oxo complexes”
- 16:10 - 16:30 coffee break
- 16:30 - 17:00 **Kilian Weißer – TP2**
(20 + 10 min) Humboldt University Berlin
“Thiolate- and Selenolate-Oxidation with Non-Heme Iron(II)-Compounds”
- 17:00 - 18:00 **Dr. Hubert Theil**
(45 + 15 min) Head of R&D – Civil and Coatings - CTP Advanced Materials GmbH
“A career in Chemistry: from Ph.D to Industry”
